### THE ICEHOTEL

For many years the Arctic was a popular destination in the summer season to see the land of the midnight sun but in winter the few inhabitants had the snow and ice to themselves. By the end of the 1980s it was decided that the dark and cold winter should be seen as an advantage. In the winter of 1990 the French artist Jannot Derit was invited to have the opening of an exhibition in a specially built igloo (a building made of snow) in the little town of Jukkasjarvi on the frozen Tome River. The building, named Arctic Hall, attracted many interested visitors to the area. One night a group of foreign guests decided it would be a good idea to sleep in the Arctic Hall. The following morning the brave group were very pleased with their experience and the idea of an ice hotel was born. Today it is world famous.

As soon as winter begins, a team of snow builders, architects and artists from all over the world come to Jukkasjarvi and they make the hotel for that year. As one part is completed, it opens to visitors and overnight guests, while the other parts are still being built. The first part is completed in December and each week after that a new part opens, until January 7th when the hotel is completed. As the ICEHOTEL is built under the open sky, using the natural materials of the winter season, the finishing date depends on nature and therefore there are sometimes changes to the plan. In the spring, as the weather gets warmer, the hotel melts.

Inside the hotel, the temperature is never colder than  $-5^{\circ}\text{C}$  to  $-8^{\circ}\text{C}$ , however cold it may be outside. Winter outer clothes such as warm overalls, hats and gloves are included in the cost of guests' stay at the hotel. In addition to this, it is a good idea for guests to bring sweaters and a scarf as well as plenty of woollen socks and to choose footwear that is larger than normal to allow space for thick socks.

If you are planning to come to the hotel, you can buy warm sweaters, woollen socks and much more on the ICEHOTEL website. You can order these and the equipment you will need at the same time as you book your visit. The items will be delivered to your room when you check in.

The hotel is in the village of Jukkasjarvi, 200 km above the Arctic Circle but only 15 km from Kiruna airport and 17 km from Kiruna train station. Transport by bus can be arranged from the airport or train station to the ICEHOTEL.

**Part 2.** Read the text and questions below. For each question, mark the correct letter A, B, C or D on your answer sheet.

### ***Moonshine***

The band Moonshine released their third CD last week. 'Here again' is a follow-up to 'The Waves'. There have been a few changes since the last CD, with Tom Wilcott on bass guitar replacing Simon McVee, who left the band last year, and the arrival of Tom Simpson on drums.

It is clear from the first song on the CD, which is a dance tune, that the band is no longer going to concentrate on slow songs. The second tune is also a dance tune and is even louder and heavier. Most later tracks are in the band's more usual slow style. These two tracks will certainly come as a surprise to many fans. Either of them could easily become a hit single though, because they are excellent.

Singer Rob Letchford gets a chance to really show how good he is, reaching each note perfectly. Fans should be grateful he recorded the songs for the album before he had trouble with his throat. This has resulted in the band having to cancel their next tour. (Anyone who has bought tickets need not worry as all the concerts will be rearranged as soon as Rob has recovered.)

On this CD, Moonshine show they can produce perfect music in a variety of styles, from the slow ones we are familiar with to the ones that will keep your feet tapping. I did feel, though, that they put their best songs at the beginning and the last few tracks were not of quite the same quality. Despite this, 'Here again' is certain to be a big hit and bring more success to this band.

11. What is the writer trying to do?

- A make suggestions about how a band could improve
- B offer his opinion of a band's new CD
- C give information about the members of a band
- D explain why a CD has been so successful

12. What does the writer say about the two songs at the beginning of the CD?

- A They are unlike the songs the band normally performs.
- B They are similar to other songs on the CD.
- C They may not be enjoyed as much as other songs on the CD.
- D They are too loud and heavy.

13. What does the writer tell us about Rob Letchford?

- A He was not at his best when he recorded the CD.
- B He is unable to do any more performances.
- C He has become unwell since making the CD.
- ? D He will not appear at some performances with the band.

14. What conclusion does the writer come to about the CD?

- A He enjoyed the slow songs in particular.
- B He prefers some of their earlier CDs.
- C He thinks some of the songs may become annoying.
- D He feels the songs at the end are less good.

15. Which of the following did a fan say about the CD?

A

I'm so pleased the band have made a CD with all their best hits. I love their music, so I know all these songs and can sing along

B

This CD is better than the last one because it's got some dance tunes on it as well as some lovely slow tunes.

C

I saw the band perform this CD recently at a concert so I went and bought it immediately.

D

The members of this band haven't changed since they started and this CD shows how they have learnt to produce an amazing sound together.
